

RECOVER BONDS IN SMALL CASE

jailed Secretary Reveals
Part of Victim's Wealth
In Attic of Home.

DOUGHTY IS ACCUSED

Police Believe Puzzling To-
ronto Disappearance
Near to Solution.

By E. W. FLACK.

TORONTO, Ont., Nov. 30.—Within two hours after Jack Doughty reached Toronto he had placed in the hands of Chief Inspector George Guthrie \$195,000 in Victory Bonds, the property of Ambrose Joseph Small, the Canadian theater magnate, who mysteriously disappeared one year ago.

Doughty, former confidential secretary of the missing Toronto millionaire, led the police to the place where the bonds were recovered.

Walking across the dimly-lighted room to a clothes closet in the attic of his home here he threw open the door and pointing to two bundles tied up in coarse wrapping paper he exclaimed dramatically to the detectives:

"There are the bonds, chief!" Examination of the packages revealed \$195,000 worth of bonds in the denomination of \$1,000. Comparison with the informal inventory found among the effects of Mr. Small proved that these were the same bonds that have been missing from the private safety deposit vault of the theater magnate in the Dominion Bank since the afternoon of his disappearance.

This startling development only tends to complicate the mysterious circumstances surrounding the disappearance of Small and the alleged theft, in connection with which Doughty has been sought through the country for eleven months. What disposition has been made of the balance of the bonds, amounting to several hundred thousand dollars, missing from the deposit vaults, is the next question that confronts the police.

The morning of the day of his disappearance Doughty had been sent to the Dominion Bank to withdraw the bonds and some personal papers, it is said.

Bonds amounting to \$100,000 were given to Mrs. Small in return for her release from claim on the freedom of a London theater. Another \$100,000 worth of the securities were turned over to the Dominion Bank to be converted into registered bonds. The remaining \$150,000 were given to Doughty to return to the safety deposit vault, it is claimed.

The police say these bonds had been recently removed to the place where they were found in the attic. Several times the Doughty home has been ransacked since his disappearance. No trace of them was found on any of these occasions. They were found in a comparatively conspicuous location.

The police are now confident that Doughty has been in communication with persons in Toronto during the eleven months that he has been plying the trade of a lowly lumberjack in a remote village in Oregon. Doughty is charged with conspiracy to kidnap his employer. He was arraigned in the Police Court today before Magistrate Denison, but was remanded without plea for one week.

Fredericksburg, Va.

FREDERICKSBURG, Va., Nov. 30.—Rev. R. P. Rixey, of this city, has received a call to the pastorate of the Baptist Church at Savage, Md., but has decided to remain in Fredericksburg.

P. H. O'Donnell has sold to Raymond Belmont, of New York, several acres of land adjoining Middleburg, Loudoun County, for \$44,000.

In the Corporation Court of this city Mrs. May Triggs was granted a divorce from her husband, Amos Triggs, on the grounds of desertion.

All the fish factories in the Northern Neck have "cut out" for the season. While the catch of fish has been large there is scarcely a factory that will declare a dividend. All the factories have a large quantity of oil on hand with no sale whatever.

At St. Paul's Church, in Matthews County, Thursday, Miss Ivy Gray Thomas, daughter of Mr. and Mrs. C. M. Thomas, became the bride of Leonard G. Handy.

Elvin Preston Forrest, of Norfolk, and Miss Fannie C. Diggs, daughter of Mr. and Mrs. James P. Diggs, of Matthews County, were married a few days ago.

WASHINGTON'S ROLLING POSTOFFICE

Washington's "Postoffice on Wheels," Christmas innovation of the City Postoffice will bring the Postoffice to the tired shopper. This novel device for helping in the holiday rush made its first appearance in the "Mail Early" parade held yesterday under direction of City Postmaster M. O. Chance. The parade of parcel post and collection automobiles from the City Postoffice, took a course along Pennsylvania avenue, F street and other downtown thoroughfares.

During the holiday rush the "Postoffice on Wheels" will be moved about from place to place, location each day, being advertised in advance.

HARRIMAN LINE GETS NEW BOAT

12,000-Ton Freighter Sec-
ond Allocated by Board
To New Company.

Admiral Benson, chairman of the Shipping Board, Monday announced that the William Penn, a new 12,500-ton cargo carrier, just completed at the Pusey and Jones plant at Gloucester, N. J., had been allocated to the United American Lines, Incorporated, controlled by the Harriman interests.

Admiral Benson denied, however, that the allotment of the William Penn to the Harriman people marked the consummation of the so-called Harriman-Hamburg-American deal, by which American shipping interests are to be pooled with those of the Hamburg-American lines for the purpose of putting American ships in the trade routes operated before the war by the German company.

The William Penn, he said, is to be used in the Dutch East Indies routes, and the allocation is the second the Shipping Board has made recently to the Harriman interests. The other ship was the Eclipse, a 10,000-ton freighter, built on the Pacific Coast and recently delivered to the United American Lines at New York for her first voyage to the East Indies.

The William Penn is an oil burner, while the Eclipse is electrically driven; in fact, the first cargo vessel of the type now so popular in the navy, to have been constructed by the Shipping Board. Both ships are placed on the same routes in the nature of a test of the relative merits of the oil drive and the electric drive for cargo-carrying purposes.

"It is not improbable," said Admiral Benson yesterday, "that the test of the two vessels, under operation by the United American Lines, will determine a future building policy for the American merchant marine."

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema smooth, leaving the skin clear and bright. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Adv.

Bandit Burns Bonds Valued At \$3,000,000

KANSAS CITY, Mo., Nov. 30.—Securities, Liberty bonds and cash valued at between \$2,000,000 and \$3,000,000, the share of loot obtained by "Lieut." Keith Collins, alleged "master mind" in the \$5,000,000 Omaha mail train robbery, were destroyed in a huge "bonfire" at Collins' Omaha home, according to a written confession he made here yesterday.

Collins, in his signed confession, declared he had destroyed his share of the loot, excepting \$500 in cash, when he heard two of his confederates had been arrested. He burned the cash, which amounted to at least \$25,000, before he fled because he feared the "bills were marked," he said.

Postal authorities admitted today that final checking of the loot placed its value at almost \$5,000,000.

Collins was arrested Monday at Westville, Okla.
